Dear Sir,

Application for Approval of Dishwashing Machines
Brand Name & Model: "SJM-Flight Type Dishwasher/ SJM-F1E"

I would like to inform you that the captioned dishwashing machines have been approved for putting into commercial use by Food and Environmental Hygiene Department on 22 September 2008 subject to the following conditions:

- (a) The operation temperature of the rinsing water shall be set at a temperate of not less than 82 °C;
- (b) A temperature measuring device indicating the wash and rinse water temperatures during the cleaning and sanitizing operation shall be provided to the machine; and
- (c) A copy of the manual for operation and maintenance of the machine shall be attached with the machine to the retailer or operator for observance.

Should there be any enquiries, please feel free to contact our Senior Health Inspector, Ms. M.K. MA at 3183 9232.

Yours sincerely,

(Miss Kristie TANG)

for Director of Food and Environmental Hygiene
