Tsuen Wan, Hong Kong.
(Attn.: Mr. Ngan Chi-keung)

310 SEP 2002

Dear Mr. Ngan,

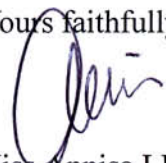

Application for Approval of SJM Dishwashing Machine, Model SJM-MF1

I would like to inform you that the captioned machinery has been approved for putting into commercial use by Food and Environmental Hygiene Department subject to the following conditions:

- (1) The operation temperature of the rinsing water shall be set at not less than 82°C;
- (2) A temperature measuring device for indicating the wash and rinse water temperatures during the cleaning and sanitizing operation shall be provided to the machine and must be readily available for inspection on demand by staff of Food and Environment Hygiene Department; and
- (3) A copy of the operation Manual should be attached with the machine to the retailer/operator for observance.

Should there be any enquiries, please feel free to contact our Senior Health Inspector, Madam Y. Y. LAM at 2601 8220.

Yours faithfully,

(Miss Annisa LEUNG)

for Director of Food and Environmental Hygiene
