

Energy Saving Lightness Air Con

LED *Energy saving and
reduce carbon emission.*

 Please Note that energy saving light bulbs are not included.

CBCE

R37983

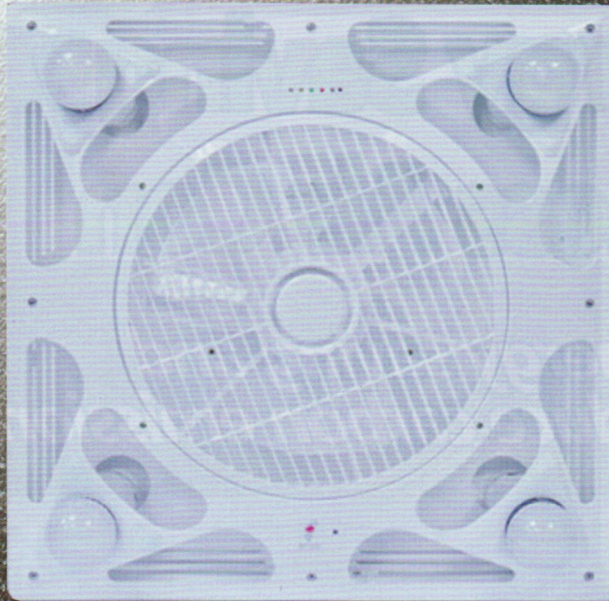

Made in Taiwan. Three million products liability.

Taiwan D143831 / China ZL201130000651.8 / U.S. D672,449S Counterfeits must investigate

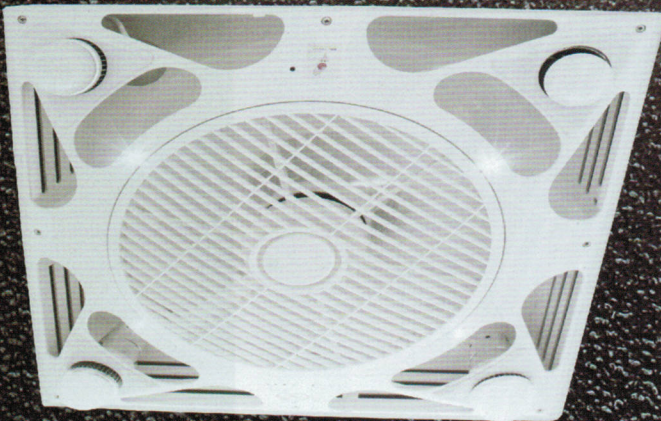

Anion light fan

WL-LF333.WL-LF666

Power Consumption 45W Power Consumption 45W

 Please note that energy saving light bulbs are not included.

Small night light

Situation lamp

Negative ions or known as Air Vitamins, is the fresh oxygen particles commonly found near waterfalls, brooks and fountain after photosynthesis.

Weili negative ionized energy saving fans

SGS certified to contain
> 1236,000 (ions/cc)

6 waterfalls report conducted by the
Agricultural Dep. in Taiwan :

NO. Wulai waterfalls
to contain 28221-50228(ions/cc)

ions/cc)>1236,000(ions/cc contain
24-43 waterfalls ions in Wulai Taiwan

Affect on humsn bodies.

100,000~500,000 ions/cc

Perform natural healing

50,000~100,000 ions/cc

Kills bacteria, reduce odor and
anti-toxic functions.
